

ADDITIONS AND CORRECTIONS

2008, Volume 112B

Isabel Bandrés, Beatriz Giner, Ignacio Gascón, Miguel Castro, and Carlos Lafuente*: Physicochemical Characterization of *n*-Butyl-3-methylpyridinium Dicyanamide Ionic Liquid

Page 12461. The word “Dicyanamide” was misspelled in the title and title running head in the version published on the Web on September 9, 2008, and in the October 2, 2008, issue. The electronic version was corrected and reposted to the Web issue on December 18, 2008.

Matthew J. Ziegler* and P. Thomas Vernier: Interface Water Dynamics and Porating Electric Fields for Phospholipid Bilayers

Page 13588. We found an error in eq 2 and its surrounding text, which should read as follows: ..., and C_m is the specific membrane capacitance (capacitance per unit area) defined by

$$C_m = \frac{\epsilon_m}{d} \quad (2)$$

where ϵ_m is the dielectric permittivity of the membrane and d is the hydrophobic width.
